## PREFACE

The Chinese Cantonese Course, consisting of 166 lessons in 8 volumes, is one of the Defense Language Institute's Basic Course Series. The material was developed at the Defense Language Institute's Curriculum Development Board.

The course is designed to train native English language speakers to Level 3 proficiency in comprehension and speaking and Level 2 proficiency in reading and writing Chinese Cantonese. The texts are intended for classroom use in the Defense Language Institute's intensive programs employing the audio-lingual methodology. Tapes accompany the texts.

### TRANSLATION OF DIALOGUE

Wong: How old is China's history?

Cheung: China's history is about five thousand years old. It is one of the oldest countries in the world.

W: And what of the Chinese civilization?

C: The Chinese civilization developed very early. During the Chou Dynasty (1122 B.C.), the civilization was already highly developed. The Chinese people worship Confucius who was born during that dynasty. His philosophy is known as the Confucian Philosophy which foreigners also call the Chinese Philosophy. During the Han Dynasty (206 B.C.), this school of philosophy was further developed. At that time, the countries in Western Asia worshipped the Chinese civilization; therefore, they called the Chinese the "Han people". During the T'ang Dynasty (618 A.D.), the Chinese civilization was greatly developed; moreover, it was transmitted overseas. Therefore, people of various places in the South Pacific Ocean called the Chinese the "T'ang people".

W: Was it during the T'ang Dynasty that the Chinese started to gradually migrate overseas?

C: That is right. During the T'ang Dynasty, because maritime communication was developed and the nation was powerful there were a great many people migrating overseas; especially

### TRANSLATION OF DIALOGUE

Wōng: China is one of the most famous ancient countries in the world. Where is this country?

Cheung. China is situated in the south-eastern part of Asia, and is one of Asia's large countries.

W: How large is the area of China?

C: The area of China is 9,800,000 square kilometers. It occupies about one fifteenth of the land in the whole world or one fourth of the area of all Asia.

W: Where is Kwantung Province? How large is the area of Kwantung Province?

C: Kwantung Province is in southern China. Its area is about 230,000 square kilometers.

W: What is the name of the capital of Kwantung Province?

C: The capital of Kwantung Province is Canton. The Cantonese generally call it "Shaāng-Shēng" (which literally means "The City of the Province").

W: What is the topography of Kwantung Province?

C: The Ng̃-Līng Mountain Range is in northern Kwantung Province. We commonly call them the Naām-Līng. To the south is the South Sea. The area around the delta of the Pearl River is a plain.

W: What are the big rivers in Kwantung Province?

C: The big rivers in Kwantung Province are the East River, the West River, and the North River. These three rivers flow into the Pearl River, and from the Pearl River into the South Sea.

### LESSON 3

#### TRANSLATION OF DIALOGUE

Wong: China is on the continent of Asia, what is her climate?

Cheung: The climate of China is almost the same as that of North America. Both have continental climates. The climate of North China is that of the Frigid Zone. The climate of Central China is of the Temperate Zone. The climate of South China is of the Sub-Tropic Zone.

W: In South China what is the approximate temperature in the winter and in the summer?

C: In the winter the average temperature in Canton is about 60° F. In the summer the average temperature in Canton is about 82° F. Therefore, Kwangtung is neither very cold nor very hot, but rather it is temperate.

W: If Kwangtung is in the Tropic Zone, why is the climate temperate?

C: Because there is the Naam-Ling Mountain Range in the north of Kwangtung. In the winter this range shuts out cold waves from the north; therefore, in the winter the weather of Kwangtung is not very cold. The southern part of Kwangtung is contiguous to the sea. In the summer the weather is tempered by the sea breeze; therefore, in the summer it is not very hot in Kwangtung.

W: Is there snow-fall in Kwangtung? Is the rainfall plentiful?

C: In Kwantung, snow-fall is infrequent, but it rains quite often; therefore the rainfall is plentiful. Spring is the rainy season.

### LESSON 3

#### TRANSLATION OF DIALOGUE

W: Typhoons are very often prevalent in areas near the sea.

That being so, are there typhoons in Kwangtung?

C: Yes, typhoons most often occur in the summer.

W: From where do such winds come?

C: The winds blow in from the South Pacific Ocean.

### LESSON 3

中國因為地方大，全國氣候分做三帶。北帶係寒帶，中部屬溫帶，南部為熱帶。中國北部氣候大約同北美 Chau 差唔多。

普通黎講，除阻西北兩部，因為山多地方，比較非常冷，亦都唔算太熱。

廣東省氣候雖然係屬於熱帶，但係因為近海，有海風調節，暑天十二度。

廣東好少落雪，只係有時好時多。霜。廣東人就係有兩季。永遠未見過亦落雪，但常打風。有量有時好時多。霜。春天好大。

### TRANSLATION OF DIALOGUE

Wōng: China has the largest population in the world. Actually, how large is her population?

Cheung: Before the War of Resistance, that is before 1937, the population of China was approximately four hundred million. After the victory in the War of Resistance, that is after 1945, it had increased to four hundred and fifty-nine million. Recently it has grown to approximately six hundred million people and constitutes about one fourth of the total population of the world.

W: In that case, what part of China is the most populous?

C: That area along the coast of China is the most populous. The population of the provinces in South China is also very large.

W: Which province of South China is the most populous?

C: Among the provinces of South China, Kwangtung Province has the largest population, with about thirty-three million people. Kwangshi Province is the second with about fifteen million. Fukien Province is the third with about twelve million. The fourth is Taiwan Province with about ten million.

W: I heard that the population of South China is scattered not only throughout every province in China but also in foreign countries. Is that so?

## LESSON 4

### TRANSLATION OF DIALOGUE

C: That is right. The number of the overseas Chinese is approximately twelve million people. Those people are mostly Cantonese and Fukienese, especially Cantonese. Therefore, almost all the overseas Chinese speak Cantonese.

### TRANSLATION OF DIALOGUE

Wōng: What (kind of) system of government has the Republic of China adopted?

Cheung: Both China and the United States of America are democratic countries, and the system of government of both countries is the same; therefore, the government of the Republic of China also has adopted the democratic system of government.

W: Has the Chinese government adopted a system of centralization of authority or a system of decentralization?

C: The Chinese government adopted a system of centralization of authority and does not use the system of decentralization; therefore, in this respect, the Chinese government differs from the government of the United States.

W: What is the administrative system of China like?

C: The administrative system of China is divided into the central administration and the local administration. The central administration is the administration of the national government. The local administration is the administration of the provincial and the district government.

W: Who is the highest official of the national government?

C: The highest official of the national government is the president, the second highest is the vice-president. They are elected by the people.

TRANSLATION OF DIALOGUE

**Wōng:** In what religion do the Chinese believe?

**Cheung:** China is a country of freedom of worship, therefore there are many religions. Some of the people believe in Protestantism, some believe in Catholicism, some believe in Buddhism, some believe in Toaism, some believe in Confucianism, some believe in anything.

**W:** What is Confucianism?

**C:** Confucianism is also known as Uē-Kaaū. Originally it was not religion, but a school of philosophy. The followers of Confucianism believe in the philosophy of Confucius, worship the ethics and virtue taught by Confucius and read the books written by him.

**W:** To what do the ethics and virtues taught by Confucius and the books written by him pertain?

**C:** The ethics and virtues which were taught by Confucius and the books which were written by him pertain to humanity, righteousness, rites, sagaciousness, faith, and sincerity.

**W:** In that case, does it mean that Confucius did not claim himself as a deity or a God?

**C:** That is right, Confucius was a scholar, an author, and educator, a politician, and a philosopher. He was not a deity or God.

**W:** You said some people believe in anything and worship anything.

## LESSON 8

### TRANSLATION OF DIALOGUE

What do they believe, and what do they worship?

中國係一個信 yeung 自由嘅國家，有人  
 信基 tuk 教，有人信天主教，有人信回教，信邊  
 種教，都係隨每個人中意。

但係有啲外國人，以為中國係孔教嘅國  
 家，拜孔夫子，其實孔子唔係一個教主，亦有話  
 自己係神，或係上帝，佢只係講道德，幾千年來，就  
 中國人跟住佢所教嘅去做，所以佢嘅學說，就  
 成為教條一樣，但係冇人好似拜神教黎拜佢。  
 所以孔子唔係神。

不過，有啲中國人，唔係信定一種教，只係  
 迷信，乜野都拜，好似拜石頭做神，拜樹木做神，  
 誠心去拜，望呢啲神 pei 財 pei 福佢地，但係  
 呢種迷信嘅人，現時少阻好多啦。

### TRANSLATION OF DIALOGUE

Wong: China now has a population of six hundred million, what is their livelihood?

Cheung: Eighty per cent of the Chinese population are farmers; therefore, their livelihood is most closely related to agriculture.

W: Are the Chinese agricultural products sufficient to supply all the Chinese each year?

C: In absence of calamities, the Chinese agricultural products are sufficient to supply all the Chinese each year. If there are floods, draughts, or other calamities, the agricultural products are not sufficient.

W: Are the lives of the Chinese farmers hard and difficult?

C: Although the lives of the Chinese farmers are hard and difficult, they are well contented. Moreover, they possess peace of mind and enjoy family pleasures.

W: What is the nature of this peace of mind and enjoyment of family pleasure?

C: Peace of mind is the result of the influence of Confucianism, that is, the influence of the Confucian philosophy. There exists the state of mind of "Content bringing happiness." The family pleasures are the essence of the Chinese large family system, since all members of the household: parents, children, brothers, and sisters, are living together; caring for each other, and assisting one another.

LESSON 9

TRANSLATION OF DIALOGUE

W: Are there many Chinese who like the large family system?

C: Yes, many Chinese like the large family system. Some large families have several score of people living together and some have four or five generations living together. When they work they work together; when they are happy they rejoice together.

### TRANSLATION OF DIALOGUE

Wong: Do cases of robbery, rape, larceny, murder, manslaughter, and suicide occur in every city?

Cheung: Cases of robbery, rape, larceny, murder, manslaughter, and suicide occur in every city. Cities of South China are no exception. But the internal control and regulation of cities in South China is considered good.

W: What organization is charged with the maintenance of internal order in each community?

C: Each community has the Police Department to maintain internal order.

W: What method does the Police Department of each community use to maintain internal order?

C: Every city has a police department and within each district of the city there is a police station.

W: What is the primary mission of the police force?

C: The primary mission of the police force is to maintain local internal order, to protect lives and properties of the citizens, to prevent commission of crimes, and to maintain traffic order. But their wartime mission is to prevent spy activities, to assist in air defense, to conduct the evacuation of the population, etc.

中國人又有一句俗語話“平安值千金。可知平安有病係好重要同有價值。想有病就要預防。

打針,種 *taū* 等等就係預防嘅方法。但係不論在 cities 抑或鄉間,人人都可以做得到,又不係最容易嘅,就係清潔。食嘢要清潔,住嘅地方亦都要清潔。中國人話“病由口入”即係話食嘅嘢唔乾淨,腸肚受影響,就會生病。

危險嘅病 *ching* 好似白喉,天花, *fòk* 亂等等,可以傳染。傳染得太利害,就變成 *wan* 疫。所以,我地要加意預防有傳染性嘅病 *ching*。

中國近來對於衛生問題,更加注意。各城市都設有衛生局辦理衛生嘅事務。

TRANSLATION OF DIALOGUE

Wōng: What is the economic condition in South China?

Cheung: Canton is the center of commerce in South China and also a large port of international trade; therefore, the economy in South China is thriving.

W: Why is the economy in South China thriving?

C: Because industry is flourishing, unemployment is therefore low; because commerce is thriving, money therefore circulates freely. In addition, there is a great sum of remittance from the overseas Chinese; therefore the economy prospers.

W: Why does money in South China Circulate freely?

C: Because the economy of South China is thriving, rich people, especially overseas Chinese who have large amounts of capital are willing to invest in businesses; therefore, money circulates freely.

W: Which province in South China receives the greatest part of remittance from the overseas Chinese?

C: Kwangtung Province receives the greatest part of remittance from the overseas Chinese, Fukien Province is the next.

W: In what foreign countries do the majority of the overseas Chinese from Kwangtung and Fukien Province reside?

C: The overseas Chinese from Kwangtung primarily reside in North and South America, especially in the United States and Canada. The overseas Chinese from Fukien primarily

中國嘅經濟情形比較黎講華南最好，工商業都發達，市面貨幣流通華南嘅經濟好，有乜野原因呢。

第一，華南近海對外交通便利，所以國際出入口生意好大，香港廣州都係主要商港。

第二，華南廣東同福建兩省，好多人去外國謀生呢，啲華<sup>k' iū</sup>，<sup>wan</sup>倒錢，委託親人朋友，向國內投資，華南因為得到呢種資本支持，工業農業都興盛。

華<sup>k' iū</sup>對於華南經濟，有好大功勞，福建省人，多數去南洋，廣東省人，多數去南北美，所以喺美國嘅華人，多數講廣東話。

### TRANSLATION OF DIALOGUE

Wōng: Is sea, land, and air communication convenient in South China?

Cheung: Yes, sea, land, and air communication is extremely convenient in South China.

W: How is the sea communication in Kwangtung?

C: In the vicinity of Canton, there is a natural harbor which is known as Wōng-Pò. Ships come and go. Some sail to and from foreign countries, some travel along the coast of China, and some traverse the inland rivers of Kwangtung Province. Everyday they are "flowing in and out incessantly."

W: How is the land communication in Kwangtung?

C: There are two main railroads in Kwangtung. One of them is known as the Canton-Kowloon Railroad and goes from Canton to Kowloon; the other is known as the Canton-Hankow Railroad and goes from Canton to Hankow in Hupeh Province. Besides the railroads there are also highways extending into the various provinces of China's interior.

W: Is there any train running directly from Asia to Europe?

C: From the time when the Canton-Kowloon Railroad and the Canton-Hankow Railroad were connected, a person could go from Kowloon to Hankow by train. From Hankow, he could go to Peiping. From Peiping, he could go to Manchuria. From Manchuria he could enter Russia, passing through Siberia, Moscow, Warsaw, and reach the various countries in Europe.

LESSON 13

TRANSLATION OF DIALOGUE

It took only 18 days.

W: How is the air communication in Canton?

C: There are several aviation companies in Canton and a few air routes. From Canton you can fly to Hong Kong and Shanghai and then to North America, South America, Europe, Africa, Australia and various places in Asia.

W: In that case, Canton is the primary communication center of South China.

中國海岸有幾千里長，對外交通，向來都  
 便利。主要港口，北有天津，中有上海，南有廣州，  
 州同香港呢啲港口，每日都有船隻來往，  
 出入。

對內交通呢，因為河道多，水上交通，亦都  
 便利。好似華南呢珠江，中部呢長江，北部呢黃  
 河，大大細細嘅船隻，係處航行，日日都川流不  
 息。運糧食貨物到全國各處地方。

陸路交通除阻公路之外，因為有廣九，  
 漢京漢三條鐵路連接，可以由香港直到  
 北京，更可以經過西伯利亞直到俄國莫斯科。

現時全世界交通都利用飛機，中國亦照  
 樣做，所以對內對外交通都四通八達啦。
